Sentiment Against Newport for National Tennis Play---Newark Would Like Olympic Games

WEST SIDE FAVORED FOR NATIONAL TENNIS

That the West Side Tennis Club, at lawn tennis tournaments is the opinion of many persons closely connected with feeling against the Casino at Newport in all as the scene of action, and year after year there has been talk during the winter of taking it away to other courts. but when the summer came around i was found that Newport had a tight

clutch on the tournament.

The main reason why the Casino has kept the event so long has been that club could offer proper accomafter a meeting of the undergraduate that the had been informed by Dr. Alvin committee that immediate steps would be taken to remove the debt of \$2,760 hanging over the oarsmen. ment, for these sections of the country do not favor Newport at all. The reason for their adverse feeling to the Rhode Island city, in addition to the expense involved, is that Newport is primarily a social centre and that the tennis tournament becomes a sideshow to the social activities. There are quite a large number of tennis players through the South and West who keep away from the tournament for the reason that they could not fit in with the social life.
